RE: Collections from Louisiana Recovery

To Whom It May Concern:

I have been working in collections for Manuel Allergy Center for the past 4 years and have been using Louisiana Recovery Services. During that time I have cleared many accounts off our books because of the collection efforts of Louisiana Recovery. Most of the accounts collected have been in a very timely manner.

If you have any questions you may call our office. I would not hesitate to recommend Louisiana Recovery Services to anyone who needs them.

Sincerely,

Wanda Sistrunk
Collections, Manuel Allergy Center
